## Overview of Report

The Dunoon Sport and Recreation club is requesting additional funding from Council to complete the installation of floodlights at Balzer Park, Dunoon.

## Background

The Dunoon Sports and Recreation Club is in the process of installing lights at Balzer Park, Dunoon. Project funding has been acquired from a range of sources, however, due to unexpected project costs there is a current funding shortfall of approximately \$10,000. The additional expenditure is associated with higher than anticipated costs relating to electrical works (mains upgrade, light fittings and cabling). The project is now estimated to cost approximately \$127,099. Funding sources are as follows:

NSW Department of Sport and Recreation		\$ 35,000
Federal Government (Department of Transport and Regional Services		\$ 25,000
Dunoon Soccer Club		\$ 5,000
Dunoon Little Athletics Club		\$ 5,000
Dunoon Sports and Recreation Club		\$ 7,299
Lismore City	2002/2003 (Rural Sportsgrounds CIP)	\$ 4,800
Lismore City Council	2003/2004 (General funds)	\$ 15,000
Lismore City Council	2005/2006 (Rural Sportsgrounds CIP)	\$ 20,000
<b>Total funding</b>		<b>\$ 117,099</b>

Funding shortfall: \$10,000

The request was tabled at the 7 June 2006 Sport and Recreation Policy Advisory Group meeting (SRPAG). A range of options were discussed at the meeting, including loaning the club the required funds, seeking additional funding, and granting the request. The SRPAG recommended that Council should provide an additional grant of \$10,000 to the Dunoon Sports and Recreation Club from the Rural Sportsgrounds Capital Improvement Program to enable the project to be completed.

## Comments

### Financial Services

There are funds available within reserves for Rural Sports field development of \$20,000.

### Community Services

Prior to approving an additional \$10,000 for this project, it may be appropriate for Council to consider advertising the availability of the Rural Sportsground Capital Improvement program to all rural sport and recreation clubs within the local government area. Many clubs might not be aware that funds are available and should be given every opportunity to apply for funding before the funding is allocated to a club which has already received almost \$40,000. (The total annual allocation for the Rural Sportsgrounds Capital Improvement Program is \$20,000.)

## Other staff comments

Not required.

## Public consultation

Not required.

## Conclusion

The club is seeking further assistance from Council for its completion.

## Recommendation

That Council consider the Sport and Recreation Policy Advisory Group's recommendation to provide the Dunoon Sports and Recreation Club a further \$10,000 for the installation of floodlights at Balzer Park and determine that expressions of interest be invited for allocation of the Rural Sportsgrounds Capital Improvement Program prior to a final decision for this specific application.

## Overview of Report

The 2006/07 – 2009 draft Management Plan including the 2006/07 - 2009 draft Budget and the 2006/07 draft Fees and Charges were placed on Public Exhibition from 20<sup>th</sup> May 2006 for 28 days in accordance with the recommendation from the Strategic Plan Steering Committee meeting of the 11<sup>th</sup> May 2006. Submissions were invited from the public to the draft Management Plan, with submissions closing 19<sup>th</sup> June 2006.

The purpose of this report is to consider submissions received and to finalise and adopt the 2006/07 – 2009 Management Plan.

## Background

The Local Government Act 1993 (LGA) requires all Council's to advertise a draft Management Plan each year for a period of twenty eight (28) days to allow submissions from the public. Council is required to consider all public submissions and then adopt a Management Plan.

The purpose of this report is to inform Council of the submissions received, advise of any changes to the draft documents and finally to seek Council's adoption of the 2006/07-2009 Management Plan.

The advertising period closes on Monday, June 19, 2006. As this is after the issue of the business paper, a further report will be prepared and forwarded to Councillors, with a copy of any additional submissions received, if necessary.

## Comments

### **Draft Management Plan and Draft Fees and Charges**

Staff have made some minor changes to these documents to enhance their accuracy and presentation. These changes have not fundamentally changed the programme plans and/or information content as advertised.

## **Submissions to the Draft 2006/07 - 2009 Management Plan**

Subsequent to the Strategic Plan Steering Committee meeting on the 11<sup>th</sup> May 2006 the following public submissions have been received and copies are available on request:

- Far North Coast Hockey returfing, travel irrigator for Hepburn Park \$233,700  
The removal and replacing of the turf, the purchase of a travelling irrigator and the ongoing maintenance (including top dressing, soil testing and fertilising).

Comment: Further information is being sought from the Manager of Parks & Gardens and this will be provided at the meeting.

- Lismore Lantern Parade – increase in core funding \$10,000  
The Lantern Parade Committee is requesting an increase in cash and non-cash contribution from Council. Requesting an increase in the cash contribution from \$8,000 to \$15,000 and In-kind from \$12,000 to \$15,000. Councillors have already received a copy of the submission in detail.

- Nimbin Preschool – Car park spaces \$9,000  
The Nimbin Preschool has asked that the original submission (No 110 on the Not Supported Attachment 2) be reviewed and that the car parks offered to the pre-school at the considerably reduced rate be given to the school at no charge. The land that has been given to the school is landlocked and the school is unable to fund the purchase of the car spaces to provide access to visitors.

- Koala Care and Research Centre refurbishment \$7,500  
One-off contribution to the Koala Care centre to assist in repairing the Care Centre. This is for the refurbishment of its walls in the treatment rooms and the replacement of the linoleum floor covering. The centre was established ten years ago to assist in the care and treatment of sick or injured animals, with the building now showing the need for repairs, the Council is requested to provide assistance.

- Scouts Australia 1st Lismore Scout Group - building repairs and surroundings  
The 1<sup>ST</sup> Scout's are requesting a contribution for repairs to the Scout Hall in Magellan Street and with repairs to area surrounding the hall, including paving. The group is also requesting that the road around the hall be secured by locking the gate access in order to reduce the danger to children attending the hall.

Comment: Further information is being sought from the Manager of Parks & Gardens and this will be provided at the meeting.

- Community Economic Development Officer - Lighting for Nimbin Western Car park and access laneways \$86,000  
The requests that Council review the decision not to support the original submission to the management plan.

- Dunoon Sports Club \$10,000  
The Club has requested additional funds to those previously provided by Council (02-03 to 05-06 Council has contributed \$39,800). The project does not have sufficient funds available to be completed.

Comment: This is the subject of a report to Council from the Manager Community Services.

## Public consultation

The Management Plan has been placed on public exhibition for twenty-eight (28) days at thirteen (13) venues throughout the city and on Council's web site. There has been reasonable coverage in the media when first released and a weekly advertisement in 'infolink' seeking public comment.

## Conclusion

As previously stated, this report has been prepared prior to the closure of public submissions. Consequently, there may be other submissions for Council to consider, as well as those already included in this report.

To meet the requirements of the Local Government Act 1993, all submissions received must be considered by Council and a 2006/07 – 2009 Management Plan adopted.

Before allowing for any changes, the Budget for 2006/07 is balanced.

## Recommendation

That Council -

- 1) Acknowledge receipt and consideration of all public submissions
- 2) Adopts the 2006/07 – 2009 Management Plan, including the Budget and Fees & Charges as amended, based on that advertised and reported.
- 3) Seeks approval from the Department of Local Government for a new borrowings program of \$7,801,000 for specific works as detailed in the 2006/07 – 2009 Management Plan.

## Overview of Report

This report presents a series of draft motions that, if adopted, would allow Council to comply with the provisions of the Local Government Act in relation to the setting of the 2006/07 rates & charges and in keeping with Council's advertised Draft Revenue Policy.

## Background

Council has published the 2006/07 Draft Management Plan that included the Draft Revenue Policy with the proposed 2006/07 rating and charging structure. This process is a requirement of Section 405 (1) of the Local Government Act (the Act) and allows for ratepayers to make a submission in relation to the proposed rates and charges and Council must take into account any submissions that are received.

At the time of writing this report no submissions had been received and any submissions received subsequent to this report will be made available to Councillors.

Issues that are addressed by the draft motions are:

\* The reduction of income caused by the changes to rating legislation in 2005 limiting the increase in individual Farmland assessments to no more than 20%, with 2004/05 being the base year. The legislation imposed the same restrictions for the next four years including 2006/07, however the 20% increase limitation in 2006/07 is taken from the adjusted 2004/05 rates as well as the adjusted 2005/06 rates. For example, if a Farmland assessment for rates was \$100 in 2004/05, the maximum allowable increase in rates for 2005/06 would have been to \$120. In 2006/07, the maximum allowable increase would be to \$144 and so on for the next three rating years after 2006/07.

Council was required to write off \$41,281 in 2005/06 due to this legislation and this is recoverable in 2006/07 along with the 3.6% allowable increase. Council has received the Ministers approval to do this under a Section 508(2) instrument. The various draft motions attached to this report, if adopted would allow for Council to take up the full percentage increase, 3.6% plus the Farmland write off amount.

It should be noted that the \$41,281 mentioned as being recoverable is the 2005/06 written off amount and it will be recovered by spreading the amount amongst all rating categories based on the percentage relationship of each category to the total rate income, except, of course, Farmland.

\* A small increase to the area that is covered by the Residential – Urban rate to include a subdivision of land that was partly within the 'old' Urban boundary and partly outside the boundary. The area referred to is at the top of Dunoon Cutting known as the Pagotto subdivision. A map of the new area is attached to this report. See Schedule 'H', the new boundary is shown in red and the old boundary in black.

\* Council has determined that it will introduce changes to the way it manages waste collection services and the way it charges for those services. The adoption of the draft motions included within this report will allow for the proposed changes to be implemented.

In the draft motions relating to waste collection, the words, *Organic, Waste and Recyclable*, are used to describe the approved contents of the different waste bins that Council will collect. These words refer to the types of materials that will be collected as part of each distinct service. The definitions of these words will be made available to ratepayers as part of the education program. Bins that are contaminated by material other than that allowed within the definition will not be collected. The adoption of the draft motions will allow for the introduction of the changes to the waste collection service for 2006/07.

\* In 2005/06 Council introduced a base amount charge for all rating categories of \$270. The base amount was calculated by including various costs Council considered were of equal value to a ratepayer regardless of the location of a property or its valuation. Items included in the base amount are costs associated with :- the Council Chambers and CBD Centre, Councillors, Financial, Planning and Environmental Health & Building services, as well as Corporate Management.

In keeping with the allowable increase in rates of 3.6% for 2006/07, the base amount has been increased to \$280.

\* The Lismore Flood Levee special rate is to continue at \$100,000 per annum and the 2006/07 rate year marks the seventh year of the Special rate, which when introduced was intended to be for a ten year period.

\* Council adopted a user pays charging system for sewerage and trade waste discharges at its November 28, 1995 meeting, Resolution 518/95. The adoption of the following draft motions relating to sewer charges will continue this Policy.

\* The NSW State Government recently amended the Local Government Act to permit the levying of a charge to be used for the provision and management of stormwater services. Council at its March 2006 meeting resolved to levy a stormwater charge to allow for much needed stormwater management infrastructure to be provided. The funds collected in 2006/07 will be used to develop catchment based management plans in the first instance. Any surplus funds will be used towards infrastructure projects. The legislation provides for differing charges dependent upon the location and property use and title – strata titled units, pay a discounted amount. There are exemptions included within the Act for vacant land and Farmland and land located outside Urban areas or villages. The adoption of the following draft motions will allow the introduction of a Stormwater Management Charge in 2006/07. It should be noted that this charge applies only to property located within the urban area of Lismore as defined by the map shown in Schedule 'A' used also for rating purposes.

\* Council has previously adopted a user pays pricing policy for water and the adoption of the related draft motions will continue this process.

\* Council is able, under Section 566 of the Local Government Act, to charge interest on outstanding Rates and Charges. The Minister for Local Government has advised that the maximum allowable amount of interest for 2006/2007 is **9%**. This Council has generally adopted the maximum interest rate as the amount to be charged.

## Comments

## Financial Services

The recommended 2006/07 rates and charges are consistent with those advertised in the 2006/07 Draft Management Plan and will be reflected in Council's 2006/07 Budget, if adopted.

## Other staff comments

Not sought.

## Public consultation

The required advertising of the Draft Management Plan including the Draft Revenue Policy has been complied with.

## Conclusion

In the absence of a general revaluation of Council's area, the rating structure introduced in 2005/06 is continued into 2006/07 with only minor amendments, all of which are contained within body of the report and included within the draft motions.

There are changes to Council's waste management process and the introduction of a Stormwater charge for the first time and the draft motions, following cater for this.

## Recommendation

Following Council's advertisement of its 2006/07 Draft Management Plan in accordance with Section 405 of the Local Government Act, 1993 and the consideration of submissions received to the Draft Management Plan in accordance with Section 406 of the Local Government Act, 1993 :-
