

# Recovery Support Services

If you have been affected by floods, Recovery Support Services will help you in your recovery journey by providing personalised, long-term support.

Recovery Support Services will link you to your own personalised recovery support worker, who can help you navigate and access services and disaster assistance packages.

Recovery support workers will walk alongside you, providing you with help to address the complex challenges and issues that emerge throughout your recovery journey. Recovery Support Services will also build your connections with local community resources and can link you to programs and services.

### Who can use these services?

Anyone directly impacted by the floods

- Residents with damaged or destroyed homes
- Residents experiencing additional impacts from the floods (i.e. social, emotional and financial)
- Business owners
- Primary producers and rural landholders

### How can I access these services?

- You can phone or email your local Recovery Support Service directly. Details of Recovery Support Services are provided on the next page
- Other services and agencies can help to link you to the Recovery Support Service in your area
- No formal referral is required

### Where are the services located?

See the following page for a list of providers and locations.

## Personalised Support

### These services provide:

- ✓ A dedicated support worker
- ✓ Assistance to access financial grants, services and loans
- ✓ Practical, personal and emotional support
- ✓ Recovery updates and information
- ✓ Links to other services and programs in your community

## Fee-free support

There is no cost, participation is voluntary and customer-led, and you have choice of providers
