## 2023/2033 Long Term Financial Plan Fact Sheet

## Introduction

## Long Term Financial Plan

The Long-Term Financial Plan is a 10-year rolling plan that informs decision making and demonstrates how the objectives of the Community Strategic Plan and commitments of the 4-year Delivery Program and the annual Operational Plan will be resourced and delivered over the short, medium, and long term. The Long-Term Financial Plan is developed in conjunction with Asset Management Plans and a Workforce Management Plan to best coordinate our resources, assets, and people. It is reviewed and updated annually as part of the development of the Operational Plan.

The Long-Term Financial Plan includes:

- projected income and expenditure, balance sheet and cash flow statement
- the planning assumptions used to develop the Plan
- sensitivity analysis highlighting factors/ assumptions most likely to affect the Plan
- financial modelling for different scenarios
- methods of monitoring financial performance.

The Long-Term Financial Plan highlights our progress towards long-term financial sustainability, which is essentially Council's financial capacity to deliver acceptable, affordable, and ongoing services to its community. Importantly the Plan demonstrates how we are progressing in relation to key financial benchmarks including a positive operating result, maintenance and renewal of assets at required levels, sustainable debt levels and management of cash reserves.

Council's capacity to meet the key financial benchmarks in the short-term is limited given Councils's current financial position.

Therefore Council's objective is to demonstate that the following measures are achieved over the life of the plan.

| Target | Comment |
| :--- | :--- |
| Cash Surplus | That all cash operations of Council are funded, and Council provides a <br> surplus that is placed in reserves for future strategy. |
| Operating Surplus - before Capital Grants | Council is moving towards to a balanced budget over the longer term. This <br> will include the funding of depreciation. |
| OLG Performance measures | Council is moving towards meeting or can demonstrate an improvement in <br> the performance ratios as set by the Office of Local Government. |
| Business Operations | Council moves towards self-funding business units, (waste, sewer, water, <br> quarry, crematorium, and workshop and to ensure true cost recovery is <br> achieved. |
| Assets | Increase revenue funding for all Council's assets to ensure they are |
| maintained over the longer term in an acceptable, agreed standard. |  |

LISMORE CITY COUNCIL
10 Year Financial Plan for the Years ending 30 June 2033 INCOME STATEMENT - SEWER FUND

## Scenario: Preferred Model

## ncome from Continuing Operations

## Revenue:

Rates \& Annual Charge
User Charges \& Fee
Other Revenues
Grants \& Contributions provided for Operating Purposes
Grants \& Contributions provided for Capital Purpose
interest \& Investment Revenue
ther Income
Other Income
Total Income from Continuing Operations
Expenses from Continuing Operation
mployee Benefits \& On-Costs
Borrowing Costs
Materials \& Contracts
Depreciation \& Amortisation
mpairment of receivables
ther Expenses
et Losses from the Disposal of Assets
Total Expenses from Continuing Operations

## Operating Result from Continuing Operation

iscontinued Operations - Profit/(Loss)
Net Profit/(Loss) from Discontinued Operations

## Net Operating Result for the Year

Net Operating Result before Grants and Contributions provided for Capital Purposes

## Lismore City Council

Long Term Financial Plan for the Years Ending 30 June 2033

## Key Assumptions

Comparison to Delivery Program and Operational Plan
Note: Council's Long Term Financial Plan is prepared on a consolidated basis, eliminating all internal transactions. The net operating result for the year is the same as the Delivery Program \& Operational Plan when the net gain from the disposal of assets is excluded from the net operating result in the Long Term Financial Plan

## Income from Continuing Operations

Other expenses include a number of expenditure items such as contributions and levies paid to other levels of government, advertising, Councillor expenses, donations
to other organisations, electricity, insurance, street lighting costs, telephone costs, valuer general costs and other sundry expense items.

## SENSITIVITY ANALYSIS AND RISK

## ASSESSMENT

An important component of modelling is being able to understand which factors in the model are the most sensitive to variance. By testing different variables in the LTFP, Council and the community can understand what the financial impact might be if the variables change. The variables tested in the sensitivity analysis are based on the planning assumptions.

## For example:

- what are the impacts on revenue if rate pegging is below/above the forecast level.
- what are the impacts on expenses if expenses are greater than forecast, that is inflation remains at higher levels.

The available revenue is lower or higher or the costs of service delivery is such that Council is not able to meet its obligations

Council has undertaken a basic sensitivity analysis to determine factors likely to be sensitive to variables and known major risks.

## Rate pegging

Rate pegging is independently determined by the Independent Pricing and Regulatory Tribunal.
Rates are a major part of Council's revenue and any changes to the allowable rate increase can impact the available funds for Council to deliver services to the community.

| Model | $2024 / 25$ | $2025-2033$ |
| :--- | :---: | :---: |
| Prefferred Model | $3.5 \%$ |  |
|  | $3.0 \%$ |  |
| If IPART determination was higher than forecast: |  |  |
| Impact on revenue would be | $4.0 \%$ | 165,400 |
|  | $\$$ |  |
| If IPART determination was lower than forecast: | $4.0 \%$ |  |
| Impact on revenue would be | $16,087,800$ |  |

## SENSITIVITY ANALYSIS AND RISK

## ASSESSMENT

An important component of modelling is being able to understand which factors in the model are the most sensitive to variance. By testing different variables in the LTFP, Council and the community can understand what the financial impact might be if the variables change.
The variables tested in the sensitivity analysis are based on the planning assumptions.
Electricity Costs
Total electricity costs include a combination of: consumption charges, fixed charges and additional levies, with each affected by different factors and subject to Government at any time. Council will continue to review options for reducing power consumption.

Council's total electricity costs for 2023/2024 are forecast to be $\$ 1.543$ million.

## A 10\% reduction due to savings and minimsation strategies would result in savings of.

\$154,300 per annum

Materials Cost and Other Costs
Material and contracts are a large component of Council's costs to deliver services. If inflation remains at levels it will impact the available the levces of service can deliver.

| Model | Var | Impact |
| :--- | :---: | :---: |
|  | $(\$ 600,000)$ pa $24 / 25$ to <br> $(\$ 1.2$ million) pa in year <br> 10 |  |
| Modelling - Increase | $1.0 \%$ |  |
| Modelling - Increase | ( $\$ 1.3$ million) pa $24 / 25$ <br> to ( $\$ 1.9$ million) pa in <br> year 10 |  |
